Munich, 17.02.2011

Request for a meeting with the Evaluation Committee in March 2011 in Munich and/or Garmisch-Partenkirchen during the inspection of the candidate cities for the 2018 Winter Olympics

Dear Ms. Lindberg,

I am addressing this letter to you as a representative of the NOlympia 2018 group. We would like to take the opportunity to request one or two meetings with you during your forthcoming visit in March 2011 as chair of the Evaluation Committee dealing with the "Munich 2018" bid.

The NOlympia group was founded in January 2010 in Munich with the objective of preventing the "Munich + 2" Winter Olympic Games (Munich 2018). It consists of major environmental protection organizations, such as the "Bund Naturschutz", political parties, such as the Greens and ÖDP, the Society for Ecological Research, attac and committed individuals.

The group voices sustainable criticism of the Munich bid based on various ecological, social and economic arguments.

For further information on NOlympia, please visit our homepage at www.nolympia.de.

The NOlympia 2018 group is very interested in arranging one or two meetings with the Evaluation Committee during its visit to Munich, Garmisch-Partenkirchen and Schönau am Königssee in March 2011 to present and discuss our criticisms of the "Munich 2018" bid and the weaknesses in the bid book in our view.

We therefore request a proposal from you for one or two meetings in March 2011 in Munich and/or Garmisch-Partenkirchen.

We hope the Committee is willing to meet with critics of the Olympic bid and look forward to an informative and productive meeting in March.

Yours sincerely,

Ludwig Hartmann
On behalf of the NOlympia 2018 group
